Failure to adhere to the above declaration may result in the immediate revocation of your plate exemption.

Further comments:

- The licensing authority will periodically check to ensure compliance with South Cambridgeshire District Councils Exemption policy.
- The council holds a list of operators who have been authorised as carrying out executive/prestige work, these are the only operators you will be permitted to work for, providing we are informed.
- Each application for plate exemption will be considered on its own merits and there is no right of appeal against a decision by the Local Authority to refuse to grant under s75(3) Local Government (Miscellaneous provisions Act) and the only direct means of challenge would be judicial review. Full details of the process for obtaining plate exemption can be found in the Hackney Carriage and Private Hire Handbook.
- The applicant must read and understand the conditions attached to the vehicle licence as these differ from those on the standard private hire vehicle licence.
