

# Cambridgeshire & Peterborough

## Registration for new residents at Cambourne West:

As Cambourne West is outside the geographical boundary of current GP practices, the process of registering with a GP may involve a couple of steps. The [Cambridgeshire & Peterborough Integrated Care Partnership](#) is working to resolve this issue and we welcome your patience in the interim. Please follow steps below to register with a GP.

Step 1: Apply to chosen GP practice – please find link to Monkfield Medical Practice via their website: <https://monkfieldpractice.co.uk/new-patients-2>

Step 2: If your request to register is refused, you will receive a letter confirming the reason that your request to register has been refused.

Step 3: Contact the [Patient Experience Team](#). You can also contact this team via to seek support with registration: [cpicb.pet@nhs.net](mailto:cpicb.pet@nhs.net)..

Step 4: The Patient Experience Team will ensure you are registered with a GP. Unfortunately, the Patient Experience Team cannot support your registration until you receive a letter refusing registration. This means that Steps 1-3 must take place before the Patient Experience Team can assist with your registration process.
