[KPI data for analysis - March 2024.xlsx](#)

Hello [REDACTED]

Please find attached an excel spreadsheet containing the KPI data for SCDC. This is an extract of all data for the KPIs that were assessed by the Bennett Institute and includes data from 2016 to the most recent available for each data set. It also includes data for 3 further KPIs which were not analysed previously; these relate to Shared Waste Service; their trial started in September 2023 so was not relevant to the previous analysis but is now; we have provided data for KPIs ES418, ES408 and SF76a.

We do not anticipate any changes to any of this data, and will be able to add most recent data as is available.

The other data sets analysed by the Bennett were two planning data sets which colleagues are currently extracting and updating and we will send on as soon as possible.

I anticipate you may have questions so just let me know and I can set up a call with the team to help answer any.

Kind regards
