Hi [REDACTED]

It was sent over this morning; [REDACTED] and [REDACTED] have it. For speed I've attached the email I sent to them; I know we are on a tight turnaround for the analysis!

Thanks

Thanks for that; all makes sense. Do we have any idea when the final dataset is likely to be ready for us (it doesn't really matter to me when it is; just trying to plan out my time)?

Thanks,

Hello [REDACTED]

Thanks for your email; we've popped answers below in blue after each query (one outstanding) and I'm happy to chat if this helps further.

Kind regards

Thanks for sending that through. I've been through the KPI dataset, and all makes sense. I just have a few very minor points to clarify (I think I know the answer to most, but better to ask rather than assume). Happy to discuss if that would help with any of them, but hopefully they are sufficiently minor I won't need to take up your time in that way.

Hello [REDACTED]

Please find attached two files:

- KPI data – this is as provided last week with the addition of KPI SX025 – average land charges search response days
- Planning data sets (major and non-major planning application decisions) – these are up to date to 19/03/24

We are asking all data owners to ensure year-end data is submitted as quickly as possible after the end of March to complete the set for analysis, and we will provide this as soon as we can.

I know Anne will be in touch on your questions and I am happy to schedule a call at any time to assist – just let me know.

Kind regards

[REDACTED]
